The improvement water Supply scheme of the T. & D.B. was sanctioned during the current year

A sanction has now been recommended to two estimates of anthemlora measures costing Rs 5640/- in all. It is recommended that the entire amount required by the Govt. out of the improvement grant. It is necessary that the M.C. should find funds equal to half the estimated cost and the Govt may then give the other half. It would not be possible for the Govt to meet the entire cost, having regard to the other demands on the grant and would also amount to spoon feeding. If approved, the D.C. will be informed accordingly.

Re. Antimalarial control work in Kunigal Town.

With reference to your letter No.B.M 713 dated the 24th September 1942 and forwarding a copy of letter No.B.M.1134 dated 23rd November 1942 addressed to Government on the above subject I have the honor to state as follows -

In regard to your reference dated 31-8-1942 the President of the Town Municipal Council had stated that the Council, had resolved at their meeting held on 31-8-1942 that in view of the drinage and water supply schemes of the town, it was not possible for the Municipal council to finance the present scheme during the current year and that in case if it was also considered by Government as not possible for them to finance the scheme, the same might be taken up for consideration next year.

At this stage, your reference dated the 24th September 1942 was received in this office and the President was again requested to send proposals in the light of fresh suggestions made by you, in the said letter. This has not been received from him so far. He has again been reminded today to expedite the same and on its receipt, the same will be sent to you.

I have the honor to be,
